01 May 2008

Framework Success in Hampshire for Balfour Beatty Infrastructure Services

Balfour Beatty Infrastructure Services is one of six successful bidders in one of Hampshire County Council's framework contracts for highways improvement works. The four-year contract starts on 1 May 2008, and offers all successful bidders the opportunity to compete for one-off schemes worth up to the value of £500,000.

The contract was awarded on a 70:30 price/quality ratio, with the six successful bidders selected from 12 original applicants. Balfour Beatty Infrastructure Services gained the highest overall mark in the tender assessment.

Operations Manager Peter Carruthers, who will lead on this work from Balfour Beatty Infrastructure Services' Pinks depot at Fareham, said: "We are delighted to be one of the chosen contractors on the framework list. We look forward to developing our working relationship with Hampshire County Council."

ENDS

Notes for Editors

1. Balfour Beatty Infrastructure Services Ltd is a leading provider of highways maintenance and asset management of Balfour Beatty plc. It offers a unique service that combines well-established highway network maintenance skills with a range of professional services including planning and strategic advice, project and programme management and highway design.
